Senior Manager - Digital Transformation & Innovation

## 4. Recommendation for action

- Recommend suggestion actions on selected top positions
- Provide Analysis Summary (using GPT analysis)

**Selected Opening for Candidate**

Internal Audit Consultant (Group Audit & Risk Mgmt)

**Suggested Action**

Interview

**Score: 85 / 100**

**Summary:** Connie Chan is a highly suitable candidate for the Internal Audit Consultant (Group Audit & Risk Mgmt) position. With a Bachelor of Commerce degree in Accounting & Finance and a total of 6 years of working experience, including 3 years of relevant experience in internal audit and external audit, Connie has the necessary qualifications and experience to fulfil the job requirements. They have demonstrated their ability to conduct internal audits, report control deficiencies, understand and manage risks and controls within business processes, and coach less experienced audit team members. Although their experience is specific to industries not mentioned, their experience at reputable firms suggests that they have gained knowledge and experience that can be transferable to various industries. Overall, Connie Chan's profile aligns well with the requirements of the position.

**Analysis Details:** 1. Bachelor degree holder with relevant professional qualification such as CPA, CIA or equivalent.

Score: 87 /100

Summary:

Terence TAM is highly suitable for the Procurement Manager position, given his Bachelor's degree in Economics and over 19 years of relevant experience in sizable organizations. He has demonstrated strong negotiation, influencing, and commercial skills, as well as effective leadership and change management abilities. His extensive experience in procurement processes, contract negotiations, and vendor management aligns well with the job requirements.

Analysis Details:

1. Bachelor's degree holder or above

Terence holds a Bachelor of Arts in Economics from the University of California, Los Angeles, which aligns with the educational requirement for the position. His academic background provides a strong foundation

Remarks

+ Comments

Salary:

The candidate's expected salary is HK\$65,000. It lies above the market average salary for the same position. Internally the expected salary is above the average for the same grade.

Interview Focus:

The interviewer should focus on Terence's ability to manage end-to-end procurement processes, his experience with contract and commercial negotiations, and his capability to lead and supervise team members. Additionally, assessing his numeracy and computer skills, as well as his command of both written and spoken English and Chinese, will be crucial.
